Good Neighbours in Wingello

It is great having good neighbours

Small villages and towns are famous for the interest residents have in each other. This is often viewed as scary by those used to the anonymity of big city life.

People who have grown up in a small village are used to knowing many or all of their fellow villagers. When they make a move to the larger city there is the culture shock of being surrounded by millions of people yet knowing hardly anyone on a more than cursory level.

In Wingello we have a good blend whereby you can live your own lifestyle without interference from others yet neighbours are there if you need them.

We had an example of this a few days ago.

A house was vacant during the holidays with the owners away. The neighbour heard a CRACK and went to investigate. The

power cable joining the house was sparking and shorting on a semi regular basis.

The neighbour knew who was caring for the house while the owner was away and gave her a call.

When she arrived he quickly rushed out and stopped her entering the property. She hadn't noticed the power shorting and could well have been injured by the electrical fault.

The first thing one must do in this case is dial 000 (Triple Zero). Don't try calling Integral or the Fire Brigade directly. The emergency services will contact the appropriate authorities and the necessary response happens quickly.

In this case the 000 Centre contacted the Wingello RFB whose members' pagers went off. They responded quickly and assessing the situation contacted FCC (Fire Control Centre) in Mittagong who called Integral

Energy who came out to correct the problem.

The electrical fault was able to be rectified and the house was saved.

Triple Zero (000)

- Stay focused, stay relevant, stay on the line
- Is someone seriously injured or in need of urgent medical help?
- Is your life or property being threatened?
- Have you just witnessed a serious accident or crime?

If you answered **YES** call Triple Zero (000). Triple Zero calls are free.

When you call Triple Zero (000):

- Do you want Police, Fire or Ambulance?
- Stay calm, don't shout, speak slowly and clearly
- Tell us exactly where to come. Give an address or location

The neighbour's actions not only potentially saved the lady managing the house from danger, the house was also saved from destruction.

PO Boxes are finally here

Wingello now has official Post Office Boxes for rent. As we don't have mail delivery, the boxes are available for a subsidised rate, roughly only 1/3 of the normal price.

You can see the PO Boxes on the Maple Lane side of the store. We specially installed them so all boxes are reachable for all of our customers no matter how tall they may be.

Just ask for an application form in the store.

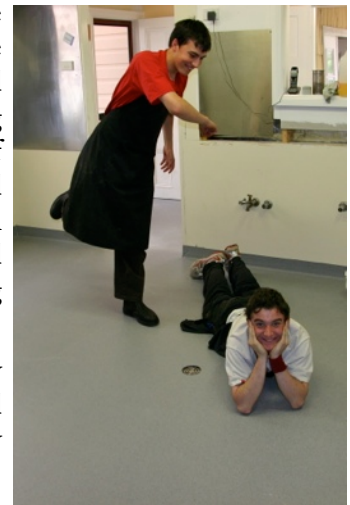

What's with the kitchen?

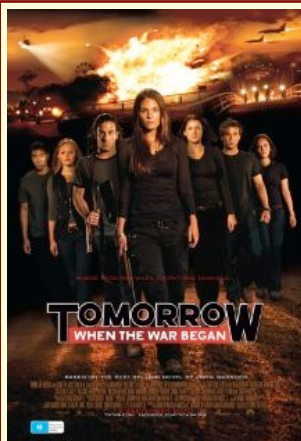

We have just upgraded the kitchen floor to a specially made high wear vinyl flooring which will last many years. This will be better for cleaning, safety, softer on the feet and non slip too.

Combined with the landscaping outside the Old Produce Shed we are finally coming to the end of all of our repairs and enhancements, just in time for our second anniversary of owning the store.

Just ask David or any of the store staff and they will gladly show you around.
