Wingello Food - Value for Money

We did the cost comparison - our Simply Good Food is better value and taste.

In time to celebrate our third anniversary of owning the Wingello Village Store, and the release of Version 2.0 of our Menu, we did a little comparison shopping.

Within a short distance of Wingello there are a number of fast food stores providing convenient meals. Many people find it easy to quickly pop into these stores for the sustenance they need to continue their journeys.

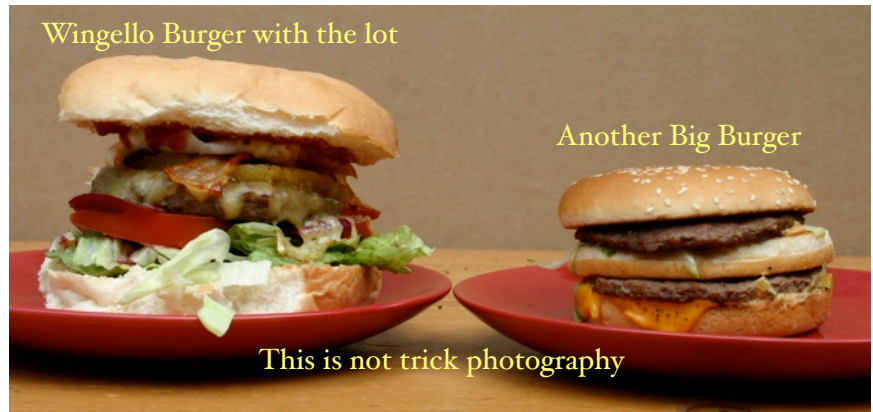

At Wingello, we want to offer Simply Good Food. We have done the sums and know we provide better value. You can also judge the taste difference.

Considering that the marketers use the words "Large" and "Big" in a broad manner, we thought it would be a good idea to provide some sort of common measure, such as cost per 100 grams.

In the accompanying chart you can see that our Beer Batter chips - large and small serves - are better value for more food. We also make home-made chips using Robertson potatoes (when available) using the traditional "thrice fried" method.

As to the Wingello Burger with the lot ... it is a great meal in itself and is better value too.

Many suggest that burgers are "junk food". But our burgers have 100% beef patties, locally baked buns with no preservatives, locally supplied bacon, free-range eggs and fresh lettuce, tomato, onion and beetroot

making for a meal on a nice bun.

An additional benefit to purchasing from the Wingello Village store is that you are supporting local businesses and families. All the staff live nearby and the majority of our supplies are sourced from the district.

Our Angus burgers are pasture fed from Wingello farms.

So now you can enjoy our simply good food knowing you are getting great value too.

Wingello Fire Brigade News

You may have noticed that the drought has certainly broken. As far as reports go, this weather pattern looks like continuing for some time yet. This is great for the Brigade as we haven't had a call out for a fire in a long time, but have had quite a few motor vehicle accidents (MVAs), all of which caused severe damage to vehicles but no serious injury to the occupants which was good for the crew.

On Saturday 4 Feb the brigade was called out to a motor vehicle accident in Murrimba road. The car is severely damaged and the occupant was taken to hospital for a check-up. Please be careful on Murrimba Road with kangaroos, wombats and other wildlife wandering on the road.

Our regular training nights have been well attended and the guys and girls are keen to test their skills on other incidents besides MVAs, but it could be some time before that might occur.

A joint exercise was held by Wingello and Penrose Brigades and both were of the opinion that it was a great success.

Meet your Furies:

This month we have Rudy who has been with the brigade since 2001, after serving for many years with the Port Macquarie and Kempsey SES units, as well as the Rollands Plains Rural Fire Brigade.

Bocce in the Backyard - and Wingello Pizza too!

Once more we will be having free activities at the Wingello Village Store. Bocce is a great game similar to lawn bowls where teams carefully throw their balls attempting to end up closest to the white (or yellow) ball.

On **Saturday, 18 February from 1:00 to 4:00pm**, we will have the Pizza oven in use so all players and spectators can enjoy some of our special Wingello Pizza.

So come along and enjoy a pleasant afternoon in the shade of the trees in the Backyard of the store. We have a couple of Bocce sets and if you have your own set, bring it along so we can have more games.

This will be a regular event on the 3rd Saturday of every month.

The Council is coming to Wingello - 15 Feb

Wingello Mechanics Institute Hall

Wednesday 15 February, 3:30pm to 6:30pm

Information Kiosks are an opportunity for residents to ask questions of Council without having to visit the Moss Vale Civic Centre. Staff from numerous departments attend to answer questions about a whole range of Council services and as well as be more actively involved in the community.

This is part of the preparation of Wingecarribee 2031+, the Council's long-term community plan for the Southern Highlands.

The Information Kiosk is one of the methods being used to become more accessible and visible to the public.
